TABLE OF CONTENTS

Japanese Symposium: Cardiac Pharmacology
Moderator: B.K.B. Lum

Takenaka, F., Nishi, K. & Sakanashi, M.: A pharmacological study of sympathetic afferent discharges originating from the cardiac region..... 1
Hashimoto, K.: Simultaneous observation of the effects of ouabain on AV conduction in the isolated, blood-perfused AV node preparation and the in situ heart of the dog..... 5
Brody, T.M. & Akera, T.: Studies on the cardiac glycoside inotropic receptor..... 8
Okita, G.T.: Dissociation of the positive inotropic effects from the cardiotoxic effects of digitalis..... 14
Tanabe, T., Shudo, I. & Saito, H.: Adrenergic contribution to digitalis action..... 20

Session on: Cardiovascular Pharmacology
Chairman: N. Toda

Chiba, S.: Effects of dopamine on the sinus rate and contration of the canine isolated atrium preparation..... 23
Hondeghem, L.M.: Selective depression on the ischemic and hypoxic myocardium by lidocaine..... 27
Toda,N.: Responses of isolated canine cerebral and peripheral arteries to nicotine..... 31
Grant, A.O. & Katzung, B.G.: Ability of epinephrine, but not increased extracellular calcium, to reverse the effects of verapamil on ventricular automaticity in vitro..... 34
Shibata, S., Bentley, J. & Cheng, J.: Effect of 6-hydroxy-dopamine on the positive inotropic action of guinea pig atria..... 37

Session on: Neuropharmacology I
Chairman: J.G. Sinclair

Clineschmidt, B.V., Pflueger, A.B., McGuffin, J.C., Bunting, P.B. & Ballentine, R.J.: Central pharmacological actions of BE-2254 ("Heat"): comparison with chlor-promazine and haloperidol..... 39
Quock, R.M., Carino, M.A., Chesnut, R.M., Weick, B.G., Beal, G.A. & Horita, A.:..... 41
Snow, A. & Horita, A.: The stress dependent nature of apo-morphine hyperthermia in the rabbit..... 43

Sinclair, J.G.: The effect of clonidine on inhibitions of the segmental monosynaptic reflex..... 46
Farrance, M.L. & Halpern, L.M.: Peripheral afferent nervous influence of drug effects in isolated and intact cat cerebral cortex..... 51
Guzman, R.J., Irwin, R.G., Hansen, D.M. & Hidalgo, J.: Studies on the effect of an intravenous amino acids solution on the developing rat brain..... 53
Altshuler, H.L., Weaver, S.S., P.E. Phillips & Burch, N.R.: Gastric self-administration in monkeys: neurophysiological correlates and recent developments..... 58

Session on: Biochemical Pharmacology
Chairman: J. Cummins

Chaplin, M.D., Chu, N.I., Rice, B.G. & Hama, K.M.: Effect of repeated dosing with aspirin on plasma levels of naproxen [d-2-(6'-methoxy-2'-naphthyl)-propionic acid] in rats..... 62
Cummins, J.T. & Morin, A.M.: The effects of reserpine and morphine on the release of endogenous primary amines from isolated brain tissues..... 67
Hanin, I.: Microestimation of choline and its esters utilizing gas chromatography-chemical ionization and mass-spectrometry..... 72
Norman, F. & Shirachi, D.Y.: The inhibitory effect of choline on Mg ATPase activity in rat kidney microsomes..... 74
Knutsen, P., Stanton, H.C. & Shirachi, D.Y.: A regional study of acetylcholinesterase in pig brain..... 78
LaHann, T.R. & Horita, A.: Effects of dimethyl sulfoxide (DMSO) on prostaglandin synthetase..... 81
Bull, R.J.: Effects of lead, in vitro and in vivo, on the respiratory responses of rat cerebral cortex to elevated concentrations of potassium..... 83

Session on: Muscle: Smooth and Cardiac
Chairman: S. Shibata

Tomiyama, A. & Hurwitz, L.: Effects of temperature and spasmolytic agents on the rate of relaxation of intestinal smooth muslce..... 87
Kaiman, M. & Shabita, S.: Sensitivity of guinea pig aorta to norepinephrine, phenylephrine, methoxamine and potassium: effect of reserpine, 6-hydroxydopamine and cocaine..... 93
Aoki, K., Yamashita, K. & Hotta, K.: Ability of Ca binding and release in subcellular membrane fraction of arterial muscle in normotensive and spontaneously hypertensive rats..... 96

Huxtable, R., Chubb, J. & Bressler, R.: Changes in taurine concentration in heart and skeletal muscle during atrophy and hypertrophy..... 101
Bihler, I. & Sawh, P.C.: A comparison of the effects of ouabain on sugar and sodium transport and on contractile activity of isolated atria..... 106

Session on: Histamine/Inflammation
Chairman: P. Lomax

Green, M.D., Simon, M.L. & Lomax, P.: Histamine as a neurotransmitter in the central thermoregulatory pathways of the rat..... 110
Devereux, D.F., Rice, S.A. & Giri, S.N.: The effect of thermal burns on blood and plasma histamine levels in the rat and the cat..... 114
Cook, D.A., Kenakin, T.P. & Krueger, C.A.: Thermal effects on the histamine receptor system of guinea pig ileum... 119
Brown, P.A., Sawrey, j.M. & Vernikos-Danillis, J.: Attenuation of salicylate and stress-produced gastric ulceration by metiamide..... 123
Rice, S.A. & Giri, S.N.: Effect of thiourea on pulmonary vascular leakage in rats of different ages..... 128
Puffer, H.W. & Warner, N.E.: Response of the microvasculature in experimental mammary tumors in C3H mice to selected vasoactive drugs..... 133
Beck, F.W.J. & Whitehouse, M.W.: Modified EAE as an assay for immunosuppressant drugs..... 136

Session on: Neuropharmacology II
Chairman: A. Horita

Geller, I. & Hartmann: Effect of cinanserin, a serotonin antagonist of ethanol preference in the rat..... 141
Wilkison, D.M. & Halpern, L.M.: The effect of stimulation of subcortical serotonin containing structures of pentylenetetrazol induced convulsions..... 146
Joy, R.M., Anderson, P.J. & Stark, L.G.: SC-13504 and evoked responses: visual and somatosensory stimulation..... 148
Cox, B., ten Ham, M., Loskota, W.J. & Lomax, P.: The anticonvulsant activity of cannabinoids in seizure prone gerbils..... 154
Roszkowski, A.P. & Schuler, M.E.: Effects of corticoids on experimentally induced depression..... 158
Cox, B.: Amantadine and apomorphine: interactions on striatal dopamine receptors..... 162
Van Petten, G.R.: Cardiovascular effects of promazine in the unanesthetized pregnant sheep and fetus..... 166
Winters, W.D., Kott, K. & Nakamura, J.: The continuum of sedation, excitation and hypnosis induced by pentobarbital..... 171

Session on: Narcotics I
Chairman: T. Akera

Cho, T.M., Loh, H.H. & Way, E.L.: Physicochemical properties of opiate - cerebroside sulfate complex..... 176
Lin, S.C., Sutherland, V.C. & Way, E.L.: Studies on the formation of morphine calcium and magnesium complexes.. 181
Peters, M.A.: Brain concentration of methadone after administration of ^{14}C labelled dl-methadone to pregnant rats by different routes..... 188
Miller,C.H., Torten,M. & Benjamini, E.: Prevention of the analgesic effect of fentanyl by immunologic manipulations..... 192
Akera, T., Lee, C.-Y. & Brody, T.M.: Evidence for different binding sites for dihydromorphine and naloxone in rat brain tissue in vitro..... 196
Burks, T.F. & VanInwegen, R.G.: Phentolamine inhibition of morphine induced hyperthermia in cats..... 199
Henderson, G.L. & Westkaemper, R.: Stereotypy following acute administration of ℓ-α-acetylmethadol (LAAM) in the rat..... 204

Session on: Autonomic Pharmacology
Chairman: O. Carrier, Jr.

Paton, D.M., Johns, A., Molnar, S., Daniel, E.E. & Beck, R.P.: Characteristics of responses of human and rabbit fallopian tube to field stimulation and noradrenaline.. 208
Montoya, G., Russell, N.J. & Riker, W.K.: Facilitation of synaptic transmission by thiazides and congeners..... 212
Seki, T.: The effects of small doses of adrenaline on healthy volunteers..... 217
Ohtsuka, M., Mori, J. & Kumada, S.: Pharmacological and histochemical studies on sympathetic inhibition of the urinary bladder in dogs..... 221
Fujiwara, M. & Kurahashi, K.: Pharmacological studies on the superior cervical ganglion reinnervated by the afferent vagus..... 225
Paton,D.M., Bell, J.I., Yee, R. & Cook, D.A.: Pharmacology and toxicity of 3,4-methylenedioxyamphetamine, para-methoxyamphetamine and related dimethoxyamphetamines... 229
Kuo, S.H., Khan, S.B., Kamaka, J.K., Martin, B.K. & Lum, B. K.B.: Studies on the effects of sympathomimetic amines on carbohydrate metabolism..... 232

Session on: Neuropharmacology III
Chairman: I. Geller

Hatleberg, S.L. & Killam, E.K.: Electroencephalographic effects of fenfluramine and norfenfluramine in the baboon, Papio papio..... 236

Forrest, I.S., Green, D.E. & Serra, M.T.: Chlorpromazine metabolism and excretion..... 240
Navarro, G. & Lorenzen, L.: Effects of p-chlorophenyl alanine on brain amines and drug induced sleep..... 244
Edmonds, H.L., Stark, L.G. & Albertson, T.E.: The effect of anticonvulsants on FR performance in the rat..... 246
Kaul, P.N. & Whitfield, L.R.: Demonstration of amitriptylene in blood levels following a single oral dose in human.. 251
Butcher, L.L., Talbot, K. & Bilezikjian, L.: Localication of acetylcholinesterase within dopamine containing neurons in the zona compacta of the substantia nigra..... 256
Ho, I.K.: Effect of pharmacological manipulation of pentobarbital response..... 260
Forrest, F.M.: Evolutionary role of neuromelanin..... 265

Session on: Narcotics II
Chairman: F. Ciofalo

Lau, H.M. & Henderson, G.L.: Plasma levels of l-α-acetylmethadol (LAAM) and metabolites following acute and chronic oral administration in man..... 270
Harris, R.A., Iwamoto, E.T., Loh, H.H. & Way, E.L.: Site dependent analgesia after microinjection of morphine or lanthanum in rat brain..... 275
Zimmerman,E. & Pang, C.N.: Dexamethasone inhibition of morphine analgesia in male rats..... 279
Rosenkranz, R.P. & Henderson, G.L.: Renal toxicity of ℓ-α-acetylmethadol (LAAM) in the rat..... 284
Iwamoto, E.T., Craves, F.B., Loh, H.H., Meyerhof, J. & Way, E.L.: Nigro-neostriatal dopaminergic activity and axonal protein transport during morphinization and withdrawal in rats..... 288
Brase, D.A., Iwamoto, E.T., Loh, H.H. & Way, E.L.: Sensitization of mice to naloxone induced jumping after a single narcotic injection: effect of prior physical dependence..... 294
Cho, J.S., Cho, T.M., Loh, H.H. & Way, E.L.: Bindings of n-alkylnorketobemidone to cerebroside sulfate..... 298

Session on: Cancer/Chemotherapy
Chairman: A. Furst

Ho, W.: Distribution and turnover of benzo(a)pyrene instilled into mouse lungs..... 302
Becker, B.A. & Thompson, G.R.: Assessment of the carcinogenicity of non-nutritive sweeteners I: saccharin..... 306
Thompson, G.R., Becker, B.A. & Levin, S.: Assessment of the carcinogenicity of non-nutritive sweeteners II: cyclamates and cyclohexylamine..... 311
Schaeffer, L.D. Jr., Puffer, H.W., Warner, N.E., Krakowski, A. & Phillips, M.L.: Dibutyryl cAMP involvement in experimental mammary tumor growth..... 319

Furusawa, W., Furusawa, S. & Lee, J.Y.B.: Antiviral-anticancer activity of tobacco leaf and the smoke condensate..... 322
Furst, A. & Mogannam, J.D.: Inhibition of aryl hydrocarbon hydroxylase by cadmium ion..... 326
Gelber, R.H., Gooi, H.C. & Rees, J.W.: The effect of rifampicin on dapsone metabolism..... 330

Session on: Toxicology
Chairman: M. Hollinger

Maeda, R.H. Jr., Puffer, H.W., Barber, D.W. Jr. & Tamiya, N.: Use of the denervated guinea pig diaphragm to elucidate the site of action of selected sea snake venoms..... 335
Shapira, J., Vann, L.S. & Furst, A.: Glycerol, propylene glycol and triactin as dietary starch substitutes: some effects on rats..... 339
Hook, J.B., Bowman, H.M., Ecker, J.L., Hewitt, W.R., Hirsch, G.H. & Pegg, D.G.: Influence of environmental stresses on functional maturation of renal organix anion transport..... 344
Dodson, R.A., Burrows, G.E., Isom, G.E. & Way, J.L.: Mechanism of chlorpromazine antagonism of cyanide intoxication... 348
Hollinger, M.A., Giri, S.N., Alley, M., Budd, E.R. & Hwang, F.: Tissue distribution and binding of radioactivity from ^{14}C-thiourea in the rat..... 351
Harris, E., Levy, L. & Levy, J.: Inhibition of cyclophosphamide (CPA) - induced bladder toxicity by n-acetylcysteine (NAC) in rats..... 354
Klaverkamp, J.F., Hobden, B.R. & Harrison, S.E.: Acute lethality and in vitro brain cholinesterase inhibition of acephate and fenitrothion in rainbow trout..... 358

Session on: Psychopharmacology
Chairman: I. Forrest

Tansey, L.W., Estevez, V.S. & Ho, B.T.: Metabolic study of 2,5-dimethoxy-4-ethylamphetamine (DOET) in rats..... 362
Loeffler, K.O., Green, D.E., Chao, F.C. & Forrest, I.S.: New approaches to assay of cannabinoids in biological abstracts..... 363
Carino, M.A., Chesnut, R.M., Weick, B.G. & Horita, A.: Tolerance development to central injection of LSD..... 369
Linder, R.L., Lerner, S.E. & Wesson, D.R.: Solvent sniffing: a continuing problem among youth..... 371
Gale, K.N., Murray, J.P. & Horita, A.: Modification of apomorphine induced stereotypies in rats by aversive conditioning..... 375

Session on: Hormones/General
Chairman: S. Bessman

Kellar, K.J., Sterling, G.H. & O'Neill, J.J.: Effect of diabetes on gold thioglucose lesions in rats..... 380
Medakovic, M., Devlin, A. & Lederis, K.: Blood pressure and renal effects of prolonged daily subcutaneous administration of urotensin I peptide in spontaneously hypertensive rats..... 384
Jorgensen, E.C., Dietrich, S.W., Koerner, D., Surks, M.I. & Oppenheimer, J.H.: Thyroid hormones: comparative structural requirements for activity *in vivo* and for binding to rat liver nuclei..... 389
Thomas, L.J. & Bessman, S.P.: Prototype for an implantable insulin delivery pump..... 393
Igarashi, T., Kobayashi, M., Sugiyama, K., Sagami, F. & Ohtake, S.: Effect of coenzyme Q_{10} on electrolyte metabolism and the interaction with aldosterone in rats and dogs..... 399
